### Motors

3MM engines, 53cc Single and 106cc Boxer twin  
XYZ engines 26cc Single.

### EG Aircraft.

Extra 260 ARF. 99" for 80/85cc. These kits are exceptional quality with excellent hardware and accessories. Includes anodised aluminium spinner, titanium pushrods, carbon fibre undercarriage (aerofailed- not the usual flat, shapeless units supplied with other more expensive kits), carbon fibre tailwheel assembly, carbon wing and stab spars, pre mounted tank, canister tunnel etc,etc. There will be many more models from this stable, so keep an eye out for these.

INTRO PRICE- a fantastic R7995,00.

We have stock of the Extra 260, Raven, Extra 300 & Yak 55. (There will be other models released in the next few months in the 50cc class, including the MX.) Take a look at these models at [www.egaircraft.com](http://www.egaircraft.com)
